Overall Length:

16.000 inches

Overall Height:

2.500 inches

Overall Width:

5.250 inches

Special Features:

Rectifier assembly: 3 phase, fullwave bridge. 4.5 kvdc peak reverse voltage per half wave stack. 9 amperes dc forward current. Convection cooled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503j0
