Overall Length:

0.300 inches

Overall Diameter:

0.125 inches

Current Rating Per Characteristic:

0.10 amperes forward current, average peak

Capacitance Rating In Picofarads:

39.0

Maximum Operating Temperature Per Measurement Point:

150.0 degrees celsius ambient air

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A110a0
