Overall Length:
5.871 inches
Overall Height:
4.425 inches
Overall Width:
5.400 inches
Major Components:
Thyristors 2
End Application:
6525-01-159-3009 field radiographic/fluoroscopic x-ray system; dxd 350 ii
Special Features:
Thyristor mounted type semiconductor
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T01200
