Overall Length:

0.610 inches

Overall Height:

0.200 inches

Overall Width:

0.370 inches

Operating Temperature Range:

-55.0/+165.0 degrees celsius

Circuit Connection Style Designator:

Bridge 1 phase

Absolute Maximum Voltage Rating In Volts Per Characteristic:

100.0 repetitive peak reverse voltage, peak total value

Terminal Type And Quantity:

4 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503j0
