**Overall Length:**

1.385 inches

**Overall Height:**

0.550 inches

**Overall Width:**

1.385 inches

**Circuit Connection Style Designator:**

Bridge 1 phase

**Absolute Maximum Voltage Rating In Volts Per Characteristic:**

1000.0 repetitive peak reverse voltage

**Absolute Maximum Current Rating Per Characteristic:**

400.00 amperes peak forward surge current

**Material:**

Silicon

**Terminal Type And Quantity:**

4 pin

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A503j0
