**Unthreaded Mounting Hole Diameter:**

0.140 inches first mounting facility0.257 inches second mounting facility and 0.287 inches second mounting facility0.187 inches third mounting facility

**Distance Between Mounting Facility Centers:**

3.700 inches single mounting facility first center group

**Accommodated Item Securing Device Type:**

Bracket

**Mounting Facility Type And Quantity:**

4 unthreaded hole first mounting facility8 unthreaded hole second mounting facility8 unthreaded hole third mounting facility

**Material:**

Aluminum alloy

**Material Specification:**

80372-755017a4906 mfr ref single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A062a0
