**Inclosure Material:**

Plastic

**Overall Length:**

0.788 inches

**Component Name And Quantity:**

6 transistor

**Mounting Method:**

Terminal

**Semiconductor Material:**

Silicon all transistor

**Voltage Rating In Volts Per Characteristic:**

20.0 collector to base voltage, dc all transistor

**Terminal Type And Quantity:**

14 pin

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
