**Inclosure Material:**

Plastic

**Overall Length:**

0.440 inches

**Component Name And Quantity:**

7 transistor

**Mounting Method:**

Terminal

**Semiconductor Material:**

Silicon all transistor

**Voltage Rating In Volts Per Characteristic:**

50.0 collector to emitter saturation voltage all transistor

**Terminal Type And Quantity:**

16 pin

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
