NSN 5961-01-415-5524

Semiconductor Device Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5961-01-415-5524

Overall Length:
2.300 inches
Overall Width:
1.350 inches
Major Components:
Diode 3, terminal block 2, printed circuit board 1
End Application:
Wlb status panel, main
Special Features:
Designed for negative common circuit
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T01200
