Absolute Maximum Voltage Rating In Volts Per Characteristic:

100.0 repetitive peak reverse voltage

Absolute Maximum Current Rating Per Characteristic:

1.00 amperes forward current, average

Mounting Method:

Surface

Special Features:

Plastic case; stable oxide passivated junction

Material:

Silicon

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503h0
