End Application:

Unit freq convertor, p/n 3bhb011219r0001

Special Features:

Hard fast drive diode; specially designed for snubberless operation; low losses, soft recovery; full blocking capability at 140 degrees c with 50hz; high di/dt and low thermal resistance by using low temperature-connection ntv between silicon wafer and molybdenum; electroactive passivation by a-c: h

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
