

View Online at <https://aerobasegroup.com/nsn/5961-01-529-7255>

**Operating Temperature Range:**

-55.0/+150.0 degrees celsius

**Absolute Maximum Voltage Rating In Volts Per Characteristic:**

600.0 repetitive peak reverse voltage, peak total value and 725.0 nonrepetitive peak reverse voltage, peak total value

**Special Features:**

Single phase; universal 3-way terminals; electrically insulated case; center hole fixing; nickel plated solderable terminals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A503j0
