NSN 5961-01-529-7255

Unitized Semiconductor Device Rectifier - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5961-01-529-7255

Operating Tempurature Range:

-55.0/+150.0 degrees celsius

Absolute Maximum Voltage Rating In Volts Per Characteristic:

600.0 repetitive peak reverse voltage, peak total value and 725.0 nonrepetitive peak reverse voltage, peak total value **Special Features:**

Single phase; universal 3-way terminals; electrically insulated case; center hole fixing; nickel plated solderable terminals Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A503j0
