Overall Length:

Between 1.142 inches and 1.176 inches

Overall Height:

Between 0.180 inches and 0.190 inches

Overall Width:

Between 0.408 inches and 0.419 inches

Mounting Method:

Clip

Current Rating Per Characteristic:

2.50 amperes source cutoff current of standard range and 1.60 amperes service voltage of standard range

Product Name:

To-220 fullpak

Special Features:

Isolated package; high voltage isolation=2.5 kvrms; sink to lead creepage dist=4.8mm; dynamic dv/dt rating; low thermal resistance; lead free; the to-220 fullpak eliminates the need for additional insulating hardware in commercial-industrial applications; the moulding compound used provides a high isolation capability and a low thermal resistance between the tap and external heatsink; this isolation is equivalent to using a 100 micron mica barrier with standard to-220 product the fullpak is mounted to a heatsink using a single clip or by a single screw fixing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
