Overall Length:

0.750 inches

Overall Width:

0.250 inches

End Application:

ELEC-TR-ONI-CUNI

Product Name:

Semiconductor device diode array

Special Features:

Semiconductor device diode array working peak reverse voltage 75 v, dc forward current 400 ma, peak forward surge current 2.0a, power dissipation per junction at 25 degrees c 500 mw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T01200
