End Application:

B-52

Product Name:

Semiconductor

Special Features:

1.5ke series glass passivated junction transient voltage suppressor; bi-directional 1500 watt axial lead tvs, reverse stand off voltage 256.00, min 285.00 maximum 315.00

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
