T01200

Semiconductor Device Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5961-01-564-8506

End Application:
B-52
Product Name:
Semiconductor
Special Features:
1.5ke series glass passivated junction transient voltage suppressor; bi-directional 1500 watt axial lead tvs, reverse stand off voltage 256.00
min 285.00 maximum 315.00
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
