End Application:

Panel, mounting, air; analyzer-charger, ba; facility type equipment

Product Name:

Pow-r-blok dual and single diode module; diode

Special Features:

Electrically isolated heatsinking; dbc alumina insulator; glass passivated chips; metal baseplate; low thermal impedance for improved current capability; ul recognition pending; vrsm up to 2200; vrsm/ vrsm +100; if (rms) 250; if (av) 160; operating temp-40 to +150 degrees c; storage temp -40 to +150

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
