Overall Length:

1.000 inches

Overall Height:

1.000 inches

Product Name:

Pin diode switch

Special Features:

0.3 to 18 ghz frequency band; 70 db, on/off isolation; 10 ns, rise/fall time; small size; light weight; integral ttl driver; applications: radar simulators, radar cross section transmitters, pulse modulators

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
