Inclosure Material:

Glass

Voltage Rating In Volts Per Characteristic:

17.1 breakdown voltage, dc and 18.0 breakdown voltage, dc

Product Name:

Transient voltage suppresor

Special Features:

1500 watt peak pulse power dissipation (pppm) cabability; lead free

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
