**Semiconductor Material:**

Silicon

**Product Name:**

Surface mount rf schottky barrier diodes

**Special Features:**

Single configuration; leadfree; diodes packaged on 7 foot reel, 3000 count; ideal for mixing, detecting, switching, sampling, clamping, and wave shaping

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
