Product Name:

Minipak surface mount rf schottky barrier diodes

Special Features:

Features, surface mount minipak package, low height, 0.7 mm max, small footprint, 1.75 mm²; better thermal conductivity for higher power dissipation, single; single and dual versions; matched diodes for consistent performance; low turn-on voltage (as low as 0.34 v at ma); low fit (failure in time) rate; six-sigma quality level

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A110a0
