**Product Name:**

Transient voltage suppressor

**Special Features:**

Package type, do-15; type, axial-lead; vrwm reverse standoff voltage, 12.0; vbr breakdown voltage min, 13.3; vbr breakdown voltage max, 14.7; 500 watt peak pulse power capability; glass passivated junction; temperature range, -65 to 175 degrees clamping voltage, 19.9; peak pulse current, 25.1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
