**Inclosure Material:**

Plastic

**End Application:**

Royal navy

**Product Name:**

Semiconductor device, diode

**Special Features:**

Glass passivated junction; low capacitance ac signal protection; molded case; plastic material carries u/l recognition 94 v-0; terminals: axial leads

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
