

View Online at <https://aerobasegroup.com/nsn/5961-01-587-7206>

Operating Temperature Range:

-65.0/+150.0 degrees celsius

Absolute Maximum Voltage Rating In Volts Per Characteristic:

800.0 repetitive peak reverse voltage and 560.0 repetitive peak reverse voltage

Absolute Maximum Current Rating Per Characteristic:

5.00 amperes reverse current, peak

Product Name:

Fast/super-fast, ultra-fast recovery rectifiers

Terminal Type And Quantity:

2 insulated wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503j0
