End Application:

5840-01-578-4122

Product Name:

500 mw high speed switching diode 100 volt

Special Features:

Low current leakage, low cost; compression band construction; surface mount applications; lead free finish/rohs compliant; operating temperature: -65 to +175 degrees celcius; thermal resistance: 500k/w junction to ambient

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
