**Overall Length:**

2.470 inches

**Overall Diameter:**

0.038 inches

**Product Name:**

Low barrier schottky diode detectors

**Special Features:**

Accuracy measuring transmission and reflection characteristics in cw or swept-frequency measurements. .01 to 12.4 ghz, 1 watt short-term max, type n male input connector, bnc female output connector, weight 4 ounces, agilent replacement pn 00423-60003

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
