Product Name:

Switch attenuator diode

Special Features:

Product description: microwave pin swithc diode; operating frequency (mhz): 0.50-2500.0; dynamic resistance (ohm): 1.0; total capacitance (pf): 0.5; breakdown voltage, (v): 700.0; package: ods-1072

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
