Inclosure Material:

Plastic

Overall Length:

68.0 millimeters

Overall Height:

40.0 millimeters

Overall Width:

20.0 millimeters

End Application:

Nuclear power plants

Voltage Rating In Volts Per Characteristic:

10.0 source supply voltage and 30.0 source supply voltage

Product Name:

Photoelectric sensor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
