Overall Length:

3.70 inches

Overall Height:

1.40 inches

Overall Width:

1.34 inches

Major Components:

Switching power supplies, inverters, choppers, diode

Product Name:

Fast recovery diode module

Special Features:

Operating temp. -40 to 150 degrees celcius

Functional Description:

Fast recovery diode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
