

View Online at <https://aerobasegroup.com/nsn/5961-01-605-1786>

Inclosure Material:

Plastic

Features Provided:

High frequency

Special Features:

Advantages are avalanche voltage rated for reliable operation; soft reverse recovery for low emi/rfi; low irm reduces: -power dissipation within the diode, -turn-on loss in the commutating switch; planar passivated chips; very short recovery time; extremely low switching losses; soft recovery behaviour

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
