Inclosure Material:

Plastic

Overall Length:

4.05 millimeters

Overall Height:

5.45 millimeters

Function For Which Designed:

Rectifier

Voltage Rating In Volts Per Characteristic:

150.0 repetitive peak reverse voltage

Product Name:

Schottky barrier rectifier

Special Features:

4a high voltage

Terminal Type And Quantity:

2 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
