Inclosure Material:

Ceramic

End Application:

Cntllr, elev

Voltage Rating In Volts Per Characteristic:

1.82 forward voltage, average

Current Rating Per Characteristic:

200.00 microamperes holding current, dc

Power Rating Per Characteristic:

333.00 watts total power dissipation

Product Name:

Thyristor module

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
