**Overall Length:**

0.104 inches

**Overall Height:**

0.040 inches

**Overall Width:**

0.114 inches

**End Application:**

Radar transponderer

**Current Rating Per Characteristic:**

200.00 milliamperes forward current, dc

**Product Name:**

High speed switching diode

**Special Features:**

Storage temperature: -55.00 deg. C. To 150.00 deg. C.;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A110a0
