Overall Length:

0.104 inches

Overall Height:

0.040 inches

Overall Width:

0.114 inches

End Application:

Radar transponderer

Current Rating Per Characteristic:

200.00 milliamperes forward current, dc

Product Name:

High speed switching diode

Special Features:

Storage temperature: -55.00 deg. C. To 150.00 deg. C.;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
