End Application:

Light emitting diode precision approach path ind. (led papi)

Product Name:

Suppressor, 12v

Special Features:

Tvs diode 12vwm 19.9vc sma, led free/rohs compliant, operating temps -55 degrees c 150 degrees c (tj), surface mount, power peak pulse 400w

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
