Body Length:

0.785 inches

Body Width:

0.250 inches

Body Height:

0.180 inches

Features Provided:

Hermetically sealed and synchronous

Inclosure Material:

Ceramic

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Transistor-transistor logic

Design Function And Quantity:

1 counter, up/down

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A458a0
