**Body Length:**

1.050 inches

**Body Width:**

1.050 inches

**Body Height:**

0.320 inches

**End Application:**

Aircraft, eagle f-15

**Inclosure Material:**

Ceramic

**Criticality Code Justification:**

Feat

**Design Function And Quantity:**

1 amplifier, power

**Terminal Surface Treatment:**

Solder

**Product Name:**

Amplifier, power, spin motor

**Special Features:**

Source control drawing; weapon system essential

**Terminal Type And Quantity:**

4 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
