**Body Height:**

0.275 inches

**End Application:**

Aircraft, eagle f-15

**Features Provided:**

Hybrid

**Output Logic Form:**

Transistor-transistor logic

**Criticality Code Justification:**

Feat

**Design Function And Quantity:**

1 amplifier, operational, general purpose

**Terminal Surface Treatment:**

Solder

**Special Features:**

Source control drawing; weapon system essential

**Terminal Type And Quantity:**

38 gullwing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A458a0
