Body Length:

0.260 inches

Body Width:

0.260 inches

Operating Temperature Range:

-55.0/+125.0 degrees celsius

Features Provided:

Hermetically sealed

Inclosure Material:

Ceramic

Inclosure Configuration:

Flat pack

Design Function And Quantity:

1 gate, nand

Special Features:

0.070 in. Thk

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A458a0
