

View Online at <https://aerobasegroup.com/nsn/5962-01-033-5023>

Operating Temperature Range:

-25.0/+85.0 degrees celsius

Features Provided:

Gated output and monolithic

Inclosure Material:

Plastic

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Transistor-transistor logic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
