Operating Temperature Range:

-55.0/+125.0 degrees celsius

End Application:

Skid control system field test set

Inclosure Material:

Ceramic

Inclosure Configuration:

Dual-in-line

Design Function And Quantity:

1 gate, and-or invert

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A458a0
