

View Online at <https://aerobasegroup.com/nsn/5962-01-126-6187>

Operating Temperature Range:

-55.0/+125.0 degrees celsius

Features Provided:

Low power and bipolar and w/enable and programmable

Inclosure Material:

Ceramic

Inclosure Configuration:

Dual-in-line

Output Logic Form:

Transistor-transistor logic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
