

View Online at <https://aerobasegroup.com/nsn/5962-01-133-9742>

Special Features:

Matched pair monolithic silicon, linear, voltage comparators; intended for use in ground equip; class b per mil-m-38510; max ratings: positive supply voltage: plus 7v; peak positive supply voltage; p8.5v; neg sup volt; -7v; input volt: p/m 4v; dif input volt: p/m 6v; output current 30ma; pwr dissipation: 400mw; storage temp range: neg 65 degrees c to plus 150 degrees c; lead temp (soldering, 60 secs) 300 degrees c max;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
