Operating Temperature Range:

-55.0/+125.0 degrees celsius

End Application:

4920-01-045-5805

Features Provided:

Retriggerable and resettable

Inclosure Material:

Ceramic

Inclosure Configuration:

Dual-in-line

Design Function And Quantity:

2 multivibrator, monostable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
