Body Length:

1.250 inches

Body Width:

0.562 inches

Body Height:

0.187 inches

End Application:

4920-01-111-2981 automatic test

Inclosure Configuration:

Dual-in-line

Design Function And Quantity:

1 multiplexer, analog

Terminal Surface Treatment:

Solder

Terminal Type And Quantity:

24 printed circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A458a0
