**Body Length:**

Between 0.885 inches and 0.915 inches

**Body Width:**

Between 0.285 inches and 0.305 inches

**Body Height:**

0.185 inches

**Storage Temperature Range:**

-65.0/+150.0 degrees celsius

**End Application:**

6610-01-147-8350

**Features Provided:**

Programmed and monolithic and hermetically sealed and w/open collector

**Inclosure Configuration:**

Dual-in-line

**Criticality Code Justification:**

Feat

**Special Features:**

Electrostatic discharge sensitive

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A458a0
