**Operating Temperature Range:**

-55.0/+125.0 degrees celsius

**Criticality Code Justification:**

Zzzy

**Design Function And Quantity:**

1 latch, d

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A458a0
