

View Online at <https://aerobasegroup.com/nsn/5962-01-264-5206>

**Operating Temperature Range:**

+0.0/+70.0 degrees celsius

**Features Provided:**

Hermetically sealed

**Output Logic Form:**

Transistor-transistor logic

**Input Circuit Pattern:**

8 input

**Special Features:**

Provides non-inverting data output

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A458a0
