

View Online at <https://aerobasegroup.com/nsn/5962-01-280-2666>

Operating Temperature Range:

-55.0/+125.0 degrees celsius

Features Provided:

Bidirectional and high speed and asynchronous

Output Logic Form:

Complementary-metal oxide-semiconductor logic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A458a0
